DISCUSSION OF ELY TOWNSHIP WATER SYSTEMS

Supervisor Laakso read a letter from Treasurer Schuhknecht, giving her opinions on the Water Systems. She states that she would like to see the Board use American Rescue Grant Money for our Water Systems and cash in a CD to cover Road Repairs on the Mail Route Road.

The Board decided to: Have proper testing done on the Well field at the Gravel Pit in Diorite, to see what the water quality is like.

Also, to do a complete water analysis on the 3 wells in Greenwood to get updates on the water contamination. With this testing they will be testing the Manganese levels, to keep up on this, in case the State of Michigan changes regulations on Manganese levels.

CORRESPONDENCE REGARDING THIS SPECIAL MEETING
